Dear Resident,

Ipswich City Council is pleased to announce 'Let's Get it Sorted' recycling support for households. We are working in partnership with the Queensland Government to improve recycling in Ipswich.

What does this mean for your household?

The fridge magnet and flyer with this letter guide how to recycle using the yellow lid recycling bin. Please refer to these guides to check your recycling habits and make changes, if needed.

Bin checks will be undertaken in some areas and bin tags will be issued if non-recyclable materials are found in yellow lid recycling bins. This is a lift of the lid, inspectors will not be going through bins.

The real time information on bin tags will improve our community knowledge of what can and can't go in the yellow lid recycling bin.

Why should your household improve recycling?

Improved recycling practices benefit everyone by keeping materials in circulation for longer, reducing the environmental impacts of managing waste.

Knowing how to use your bins correctly also keeps our community and council staff safe and supports us to control the costs of providing waste services.

What is next?

We would love to hear from you on all things recycling, scan the QR code and complete the survey by 9 May 2025. This survey should take no longer than 8 minutes.

Sharing your experience will support us to provide hints, tips and information that target common recycling challenges.

To show our appreciation, everyone who completes the survey will be entered into a draw to win one of four \$100 Visa gift cards.

For more information on 'Let's Get it Sorted' and recycling visit ipswich.qld.gov.au/recycling

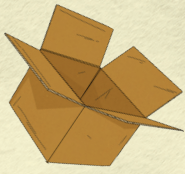

If you have any questions or need further information, please feel free to contact us at resourcerecovery@ipswich.qld.gov.au or (07) 3810 8100.

Sincerely,

David McAlister
Manager Resource Recovery
